

# DOVER ALLIANCE

*Candidate for*  
**St. Radigund's**

## Ray White

As a family man with two grown-up children living in St Radigunds for the past twenty three years, Ray knows well the difficulties in the area and wants to see things change for the better. His son is a player for Dover reserves and Ray is a keen supporter of Dover Football Club. Ray would like to see a Town Council that works for the electorate rather than squabbling over national politics, he wants to work for the area he lives in and represent the people that elect him. Ray feels that there are some fine people doing sterling work for St Radigunds and wants to support them fully. As a Councillor he will pay attention to the school, the play areas, see better use made of Triangles and fight for a proper hospital. Ray is a local man for local issues, a Councillor for the needs of St Radigunds - not party manifestos.

*"I would like to see Dover prosper and changes made within the town to bring in employment for local people."*
